INFORMATION SHEET

1. Make up a solution of Glaze into a 750ml spray bottle.
2. Use a **clean** wiper, preferably a fresh paper wiper, if the wiper is not clean, any dirt will transfer from the wiper onto the surface to be cleaned, which will result in streaks.
3. Spray either directly onto the surface or onto the wiper.
4. Wipe the surface and polish off to a squeaky clean finish.

ALWAYS ENSURE THAT:

- All products are returned to their correct storage area.
- All surfaces and equipment are clean and dry.
- Faulty or unsafe equipment is reported immediately.
- All cleaning equipment is left clean, ready for the next use.
- Product effectiveness is maintained, use FRESH solution when required.
